

Knowledge Connect

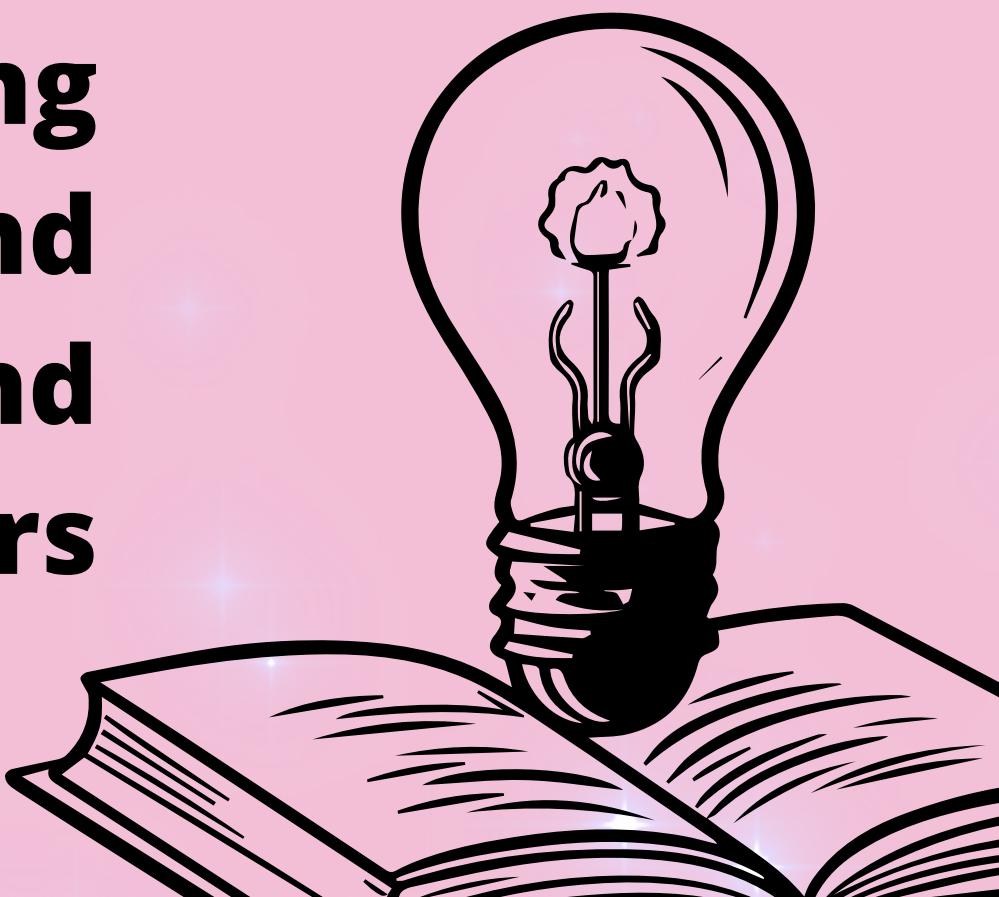

INTRODUCTION:

Many students often struggle to find personalized and convenient tutoring services that cater to their specific needs, resulting in a lack of academic support and hindered learning progress. Existing platforms like Tutor.com, Wyzant, and Chegg Tutors provide tutoring services, but they may not offer a comprehensive solution that addresses all the pain points of students and tutors.

PROBLEM STATEMENT:

"How can we address the common struggles faced by students and teachers in the education system? This project aims to find innovative solutions to issues such as student engagement, personalized learning, and effective teaching methods. By understanding the needs and pain points of both students and teachers, we can create a more inclusive and effective educational environment that fosters growth and success for all."

SOLUTION:

TUTOR TRACK

STUDENT:

- Finds the best teacher.
- Connects to tutor.
- Their requirements.
- Location .

TUTOR:

- Their specifications.
- Salary and recommendations.
- Address.

TUTOR TRACK

STUDENTS

1.Teachers according to their budget:

Students can find tutors according to their budget .They will find filter of tutors who are in their range and also efficient.

2. Subject Expertise:

Students may look for tutors who have a strong understanding and knowledge of the specific subject they need help with.

3. Availability:

Students may need tutors who can accommodate their schedule and provide flexible tutoring sessions.

4. Experience:

Students may seek tutors with relevant experience, such as those who have successfully helped other students in the past.

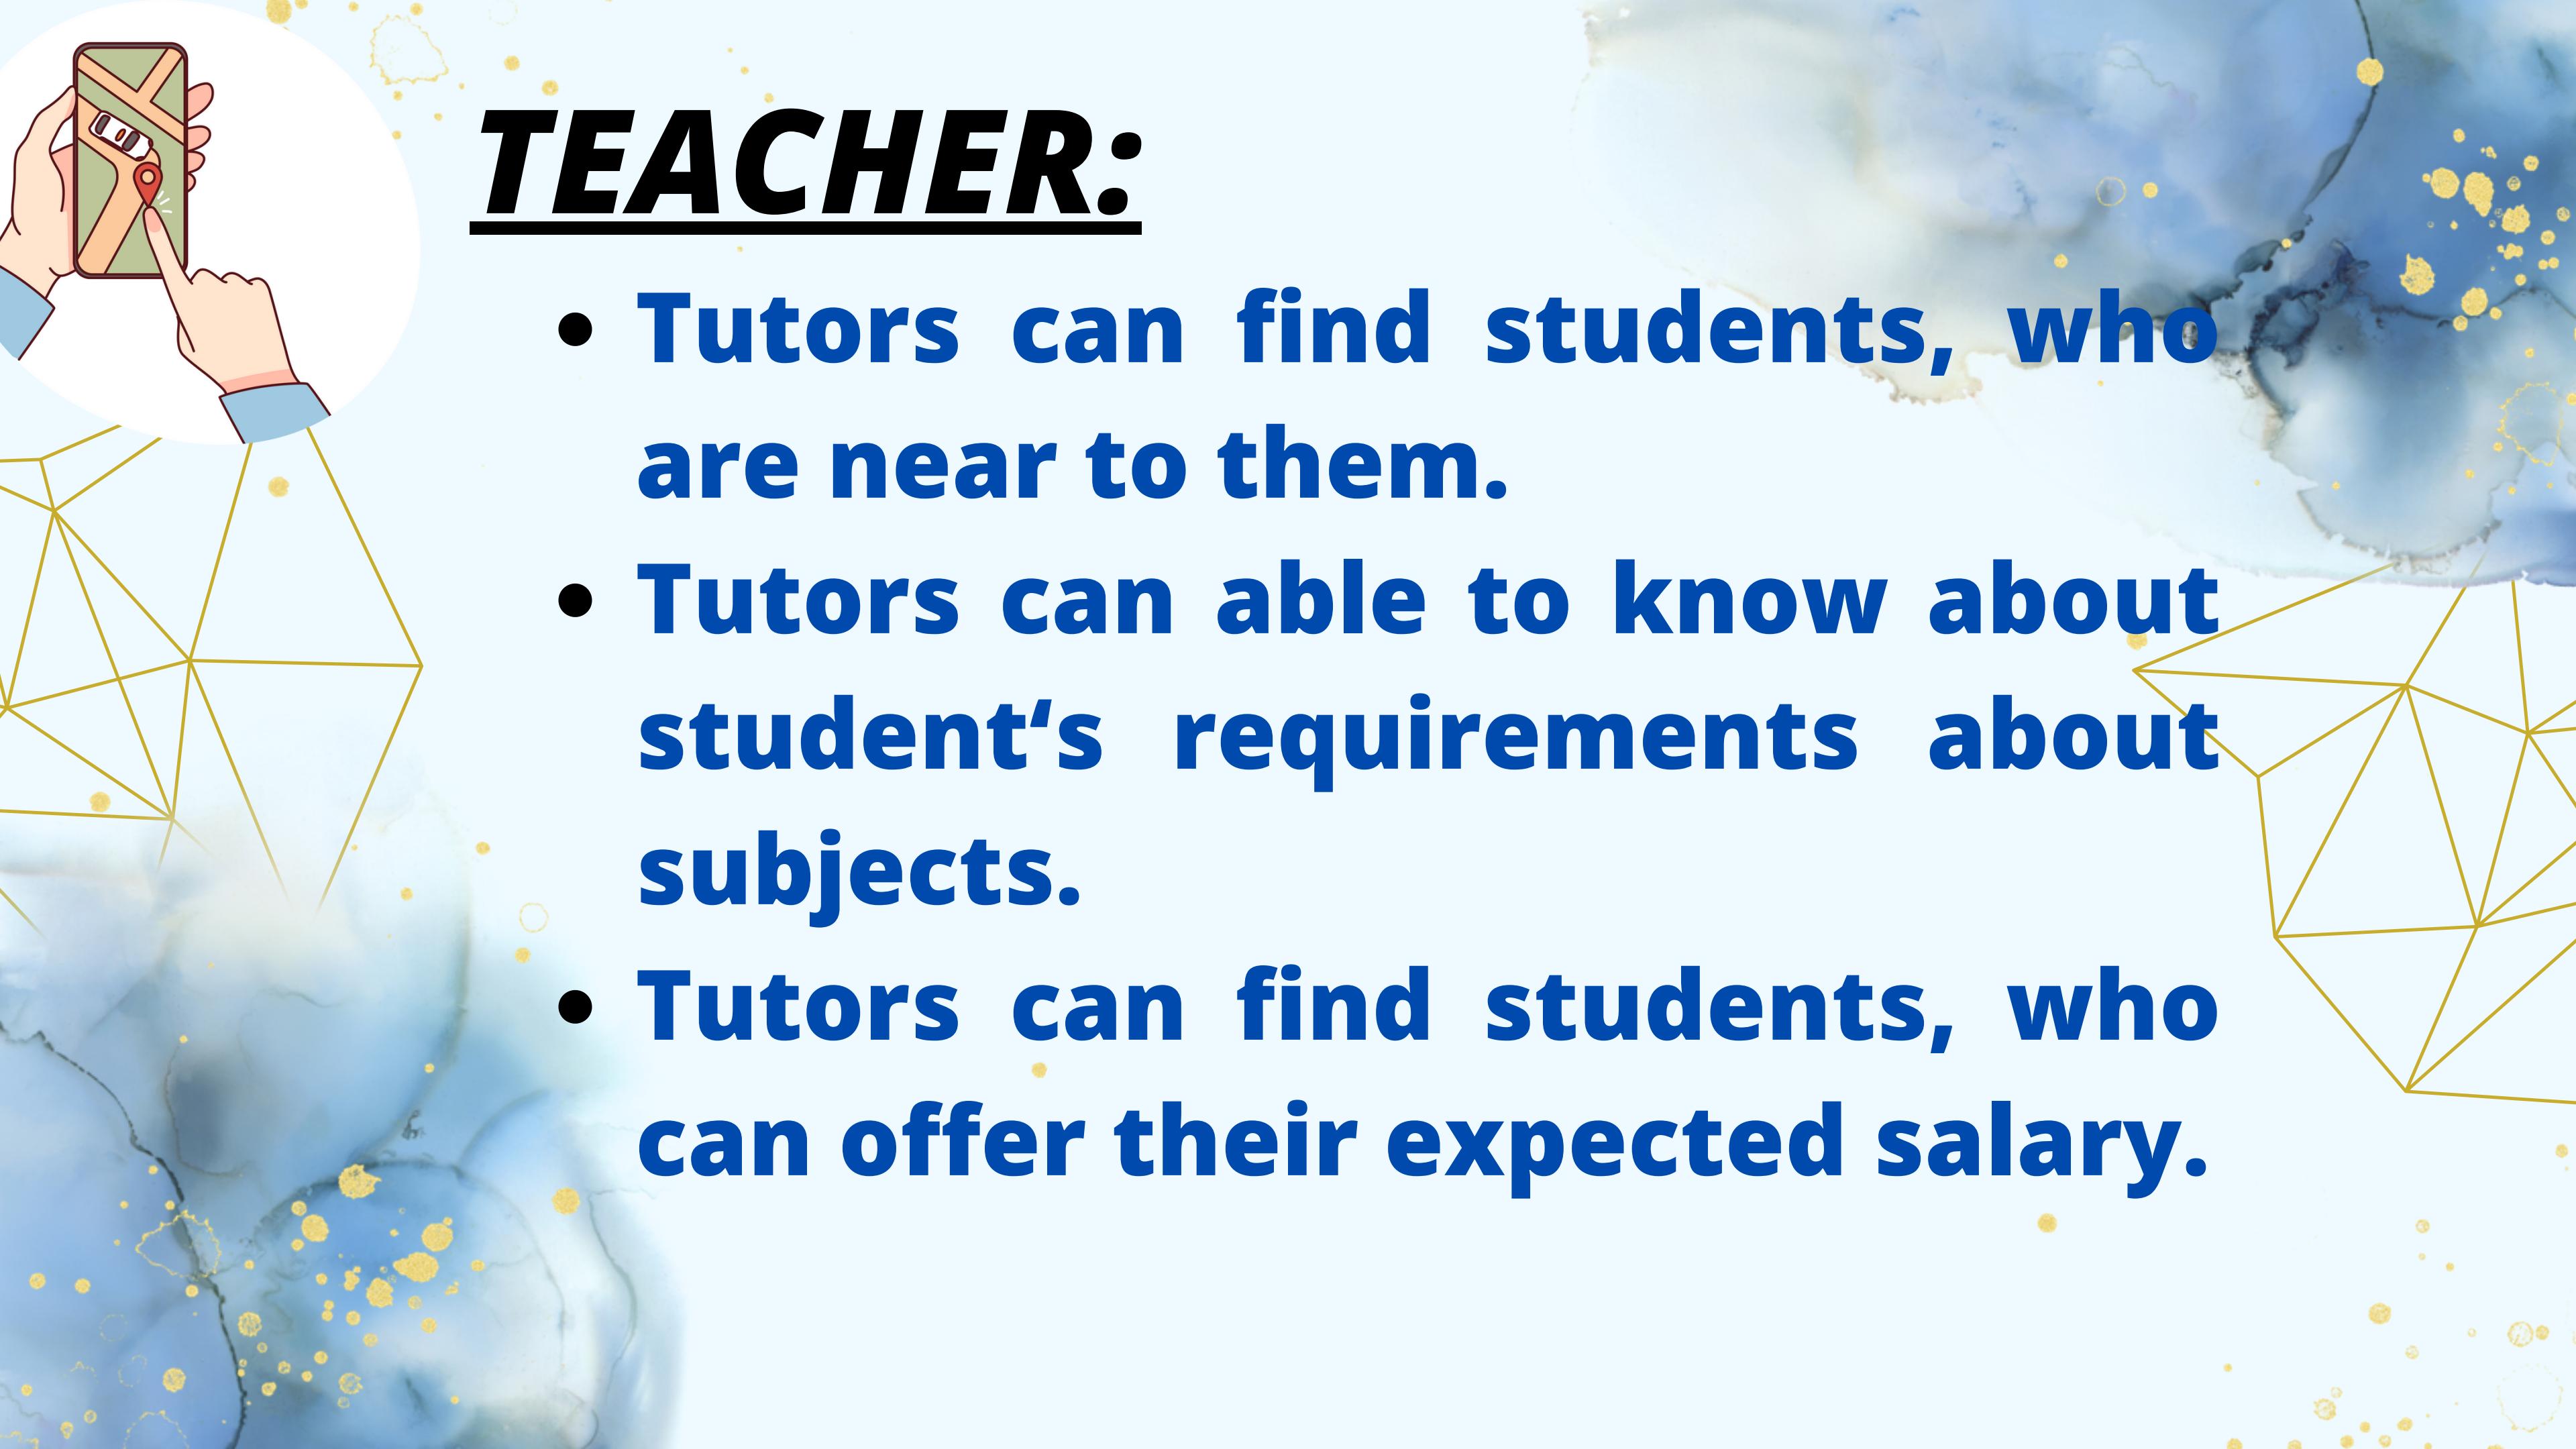

5. Gamification:

Consider adding gamification elements to your app to make the learning experience more engaging and enjoyable. This could include badges, leaderboards, and rewards for achieving milestones or completing challenges.

6. In-app feedback and rating system:

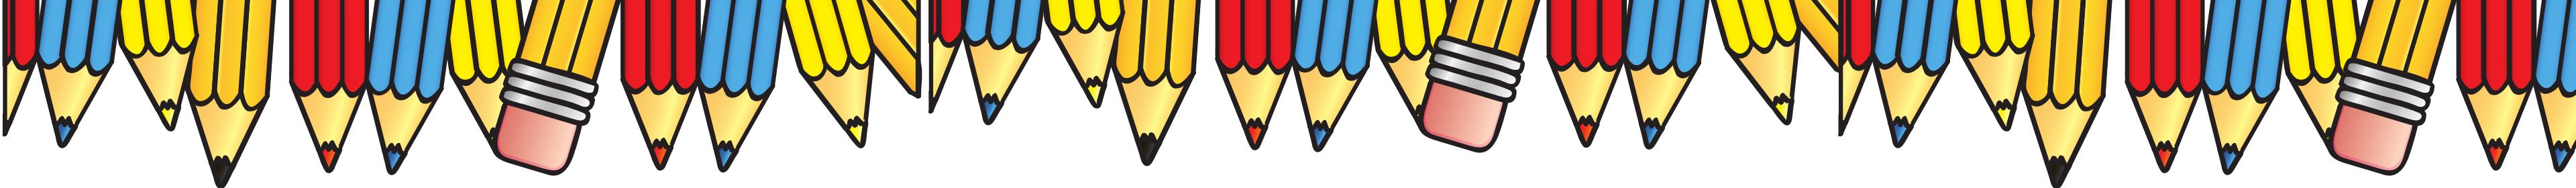

Implement a feedback and rating system within the app, allowing students to provide feedback on their tutoring sessions and rate their tutors. This helps maintain quality control and ensures continuous improvement.

TEACHER:

- Tutors can find students, who are near to them.
- Tutors can able to know about student's requirements about subjects.
- Tutors can find students, who can offer their expected salary.

THANK
YOU
